# WORKING WITH ALYSSA

My goal is to capture the essence of your everyday life by documenting your life moments as they happen. I will pose you when needed, but your comfort is my priority!

Nothing is more special to me than being able to connect with my

clients on a deeper level, get to know them, and help them feel like they're being photographed by their best friend. I want to capture raw emotion and big milestones, and I do that by going with the flow and being as hands-off as possible in my photography approach!
